April 17 – May 29 (skip May 8)

REGISTRATION REQUIRED.
Call Alzheimer's Association's Jenna Fink
at 952-857-0558.

Minnesota - North Dakota Chapter

This series of classes is offered by the Dakota County and Hennepin County University of Minnesota Extension Master Gardeners in partnership with the Alzheimer's Association and Dakota County Communities for a Lifetime Initiative.

Choose the day that works best for you for the entire spring program. The classes focus on learning and having fun in the moment. We provide a light snack and plenty of social time for you to connect with your classmates.

No garden, gardening experience, or green thumb required!

You'll enjoy activities like planting succulents and annual flowers, learning about pollinators, tasting herbs and more.

Come share in the joy of nature in either Dakota or Hennepin County
