

# SUNDAY, JULY 28

Hall A	Ballroom A	115 ABC	118 ABC	201 ABC	204 ABC	120 ABC	121 ABC	Nutter Theater	
<b>8-8:45 a.m.</b>		FRS: Molecular Mechanisms Of Tau Pathogenicity I	LPR: Imaging Biomarker Session	LPR: Fluid Biomarker Session	LPR: Clinical Trials And Outcomes	LPR: From Lifestyle To Genetics: Comprehensive Approaches In Dementia Risk Reduction	DEV: Implementation Of Plasma p-tau217 In Treatment Trials And Clinical Practice: Feasibility And Scalability	DEV: Advances In Data And Resource Sharing In Alzheimer's Disease: Insights From Research Case Studies	LPR: Dementia Care: Student And Postdoc Led Innovations In Care Research 
<b>8:30 a.m.-4:15 p.m. Hall BC Exhibit Hall Open</b>									
<b>9-10:30 a.m.</b>		FRS: Emerging Neurobiology And Clinical Biomarker Relevance Of pT217-Tau In Alzheimer's Disease  	FRS: Emerging Biomarkers Of Vascular Cognitive Impairment And Dementia: Findings From The MarkVCID Consortium  	PER: Towards A Cure: Future Treatments For Alzheimer's Disease 	FRS: Seattle AD Brain Cell Atlas (SEA-AD): A Multi-Faceted Platform For Discovery Of Cellular And Molecular Perturbations Underlying AD	FRS: Multidimensional Approaches In Cognitive Preservation: Combining Diet, Exercise, And Biomarker Insights  	FRS: Digital Phenotyping Of Speech And Language In Alzheimer's Disease And Related Dementias 	DEV: Delaying Symptom Onset In Dominantly Inherited Alzheimer's Disease: Long-Term Gantenerumab Treatment Results From The DIAN-TU Trial	DEV: Developing Topics Session 1
<b>10:30-11 a.m. Hall BC Beverage Break With Exhibits And Poster Presentations</b>									
<b>11 a.m.-12:15 p.m.</b>	Hall A PL: Welcome And Awards Plenary Edward B. Lee: Neuropathology In A Multidisciplinary Age  								
<b>12:15-2 p.m. Hall BC Boxed Lunch In The Exhibit Hall, Exhibit Viewing, Poster Presentations And Product Theater Presentations Ballroom B ISTARRT Intermissions</b>									
<b>2-3:30 p.m.</b>	FRS: Code For Advancing Plasma Alzheimer's Disease Biomarkers: Implementation In Real-World Settings And Application For Disease Staging	FRS: Systemic Factors And Neuroinflammation In Alzheimer's Disease	FRS: Fluid Biomarkers In Lewy Body Disease  	FRS: Comparing Plasma Biomarkers With PET Imaging And Neuropathology 	FRS: International Practices For Inclusive ADRD Clinical Trial Recruitment  	FRS: Cognition, Behavior And Gait  	FRS: Technological Advances In Neuropsychology To Enhance Detection, Relationship With Biomarkers And Responsiveness  	PER: Accelerating Therapeutic Development: A Global Commitment By The Alzheimer's Disease Sequencing Project (ADSP)  	FRS: Global Dementia Plan: National Strategies That Mobilize Worldwide Actions Towards The WHO's 2025 Target
<b>3:30-4:15 p.m. Hall BC Beverage Break With Exhibits, Guided Electronic Poster Tour And Poster Presentations</b>									
<b>3:40-4:10 p.m. Hall BC PL: ASK! Session with Maria Carrillo and Joanne Pike 103 B PL: ASK! Q&amp;A with Edward B. Lee</b>									
<b>4:15-5:45 p.m.</b>	PER: Neurodegenerative Diseases: Clinical Diagnosis And Staging  	FRS: Neuroimmune Processes In Alzheimer's Disease	FRS: The Atypical Alzheimer's Disease Continuum: From Clinical Phenotypes To Disease Mechanisms  	PER: White Matter Lesions In Alzheimer's Disease: Heterogeneity Of Pathophysiology And Clinical Consequences At The Era Of Anti-Amyloid Drugs  	FRS: Drug Development Clinical Trial Results 	FRS: Hearing And Olfaction  	PER: Digital Biomarkers 	FRS: Unraveling The Role Of The GWAS Risk Factor BIN1 In Alzheimer's Disease Pathophysiology	FRS: The Global Epidemiology Of Dementia: Meeting The Challenges Of Ethnogeographic Diversity And Inequity

# MONDAY, JULY 29

Hall A	Ballroom A	115 ABC	118 ABC	201 ABC	204 ABC	120 ABC	121 ABC	Nutter Theater	
<b>8-8:45 a.m.</b>		FRS: Molecular Mechanisms Of Tau Pathogenicity II	DEV: Evidence-Based Clinical Practice Guideline On The Use Of Blood-Based Biomarkers In Alzheimer's Disease: Presentation Of Preliminary Evidence, Recommendations, And Opportunity For Public Comment	FRS: Clinical Trial Analysis Strategies I	LPR: Drug Discovery For Alzheimer's Disease And Related Dementias	FRS: Epidemiology: Psychological And Social Aspects I	LPR: Subcomponents Of Functional Decline Across The Alzheimer's Disease Spectrum	DEV: Introduction To Amyloid PET Quantification: Methodologies, Utility, Pearls And Pitfalls	FRS: Current Directions In Testing And Implementation For Dementia Diagnosis And Care I  
<b>8:30 a.m.-4:15 p.m. Hall BC Exhibit Hall Open</b>									
<b>9-10:30 a.m.</b>		ECBS: Immune Cells Diversity And Their Role In Cognition And Dementia 	FRS: Underlying Mechanisms And Biomarkers Of Vascular Pathology  	FRS: Development Of Blood-Based Biomarkers For Assessment Of Alzheimer's Disease 	PER: Future Perspectives On How To Conduct Clinical Trials In Alzheimer's Disease: Where Do We Go From Here? 	FRS: Exploring New Risk Factors For Dementia Incidence And Mortality  	PER: Dementia And The Provision Of Care: Diverse Lived Experiences Across The Black/African Diaspora   	FRS: Unraveling The Propagation Of Functional Genetic Effects In Alzheimer's Disease On A Population Scale	PER: The Continued Evolution Of Real-World Data Platforms To Investigate AD Diagnosis, Progression, Treatment, And Care 
<b>10:30-11 a.m. Hall BC Beverage Break With Exhibits And Poster Presentations</b>									
<b>11 a.m.-12:15 p.m. Hall A PL: Timothy Miller: Antisense Oligonucleotide Therapeutics For Neurodegenerative Diseases   Henne Holstege: From Longevity To Vulnerability: Genomic Pathways Underlying Cognitive Health In Centenarians And Neurodegenerative Disease</b>									
<b>12:15-2 p.m. Hall BC Boxed Lunch, Exhibits, Poster Presentations And Product Theater      Ballroom B ISTAART Intermissions      12:30-1:45 p.m. 123-125 IS: ISTAART Skills Workshops</b>									
<b>2-3:30 p.m.</b>	PER: Biomarker And Diagnostic Approaches To LATE  	FRS: Microglia And Peripheral Immunity In Alzheimer's Disease And Related Disorders	FRS: Strategies For Clinical Integration Of Alzheimer's Biomarkers 	DEV: Implementation Strategies For Future BACE Inhibitor Clinical Trials	FRS: Narrowing The Translational Gap In AD Drug Development	FRS: Imaging Lifespan Risk And Protective Factors For Brain And Cognition  	FRS: Examining Mild Behavioural Impairment Across The Neurodegenerative and Geographical Spectrum: Associations With Cognition, Biomarkers And Functional Connectivity  	PER: Neuroepigenomics	FRS: Living Alone With Dementia Is Common: International Trends, Challenges, And Policies  
<b>3:30-4:15 p.m. Hall BC Beverage Break With Exhibits, Guided Electronic Poster Tour And Poster Presentations</b>									
<b>3:40-4:10 p.m. Hall BC PL: ASK! Q&amp;A Session with Henne Holstege and Timothy Miller      103 B PL: ASK! Q&amp;A Session with AAIC Award Winners</b>									
<b>4:15-5:45 p.m.</b>	FRS: Endolysosomal Dysfunction In Neurodegeneration — The Role Of TMEM106B And GRN	FRS: Brain Networks: Drivers Or Conduits Of Disease Progression In Alzheimer's Disease?  	FRS: Longitudinal Biomarker Changes In Down Syndrome Alzheimer's Disease  	PER: Insights Into Structure And Function Of Gamma-Secretases Lead To Precision Medicine In Alzheimer's Disease  	FRS: The Accelerating Medicines Partnership Alzheimer's Disease (AMP-AD) At 10: Progress Toward A Precision Medicine Approach For AD  	FRS: Global Examinations On Cognition And The Critical Roles Of The Social Exposome And Lifestyle Factors  	FRS: Toward Health Equity For Alzheimer's And All Other Dementia	FRS: Genomics Of AD/DRD In Diverse Populations	PER: Dementia And Emergency Care: Directions, Opportunities, And Future Considerations   

## TUESDAY, JULY 30

Hall A	Ballroom A	115 ABC	118 ABC	201 ABC	204 ABC	120 ABC	121 ABC	Nutter Theater	
<b>8-8:45 a.m.</b>		FRS: Tau Accumulation And Tau Spreading Patterns I 	FRS: Unraveling Neurodegenerative Pathways Across Alzheimer's And Related Disorders I  	DEV: Insights From TRAILBLAZER-ALZ 2 (Donanemab): Potential Clinical Translation	FRS: Clinical Trial Case Detection And Outcomes I  	LPR: Exploring Alzheimer's Complexity: Diverse Perspectives On Progression, Risk And Cognitive Outcomes	LPR: Clinical Disease Heterogeneity – Findings From Large-Scale Data Initiatives	LPR: From Human Genetics To Model Systems And Back In AD/RRD	FRS: Current Directions In Testing And Implementation For Dementia Diagnosis And Care II   
<b>8:30 a.m.-4:15 p.m. Hall BC Exhibit Hall Open</b>									
<b>9-10:30 a.m.</b>		ECBS: Emerging Concepts In Basic Science: The Causes And Consequences Of Tau Aggregation In Tauopathies 	FRS: Unlocking The Mysteries Of Cerebrovascular Health: Insights From Diverse Perspectives And Aging Populations	FRS: WW FINGERS Network: Multimodal Interventions For Cognitive Decline And Dementia	FRS: Drug Discovery And Delivery For Alzheimer's Disease And Related Dementias  	FRS: Mechanisms Underlying Brain Resilience Or Pathogenesis In AD  	FRS: A Focus On Diverse Culture, Identity And Context In Dementia Care And Caregiving Research   	FRS: Metabolomics And Glucose Metabolism In Alzheimer's Disease  	FRS: Improving Dementia Care Management And Caregiver Support: Development And Implementation Of The GUIDE Model 
<b>10:30-11 a.m. Hall BC Beverage Break With Exhibits And Poster Presentations</b>									
<b>11 a.m.-12:15 p.m. Hall A PL: Suvarna Alladi: Bilingualism And Dementia: Implications For Brain Health And Policy Development   Clive Ballard: Psychosis In Alzheimer's Disease  </b>									
<b>12:15-2 p.m. Hall BC Boxed Lunch, Exhibits, Poster Presentations And Product Theater      Ballroom B ISTAART Intermissions      12:30-1:45 p.m. 123-125 IS: ISTAART Skills Workshops</b>									
<b>2-3:30 p.m.</b>	FRS: Beyond Amyloid Removal With Lecanemab Treatment: Update On Long-Term Imaging And Fluid Biomarkers 	FRS: Harmonizing Tau PET Tracers	FRS: Integrating Insights From Sex Stratified Analysis, Single Cell Transcriptomics, Epigenetics And Biomarkers To Understand The Variability In Lewy Body Pathology And Associated Clinical Features Across The Neurodegenerative Disease Spectrum  	DEV: Developing Topics Session 2	FRS: Recruitment For Alzheimer's Studies In LMICs: Challenges And Opportunities For Engagement Of High-Risk Populations   	FRS: The Varicella Zoster Virus And Dementia: A Causal Link?	FRS: Dialogues Of The Brain: Understanding Dementia In A Multilingual Context  	FRS: Neuroprotective Effect Of Insulin And Incretin Mimetics (GLP-1 Analogues) In Neurodegenerative Diseases	FRS: Dementia Care In Long-Term Care And Health Systems   
<b>3:30-4:15 p.m. Hall BC Beverage Break With Exhibits And Poster Presentations</b>									
<b>3:40-4:10 p.m. Hall BC PL: ASK! Q&amp;A with Suvarna Alladi and Clive Ballard      103 B PL: ASK! Q&amp;A Session with Alzheimer's &amp; Dementia Behavior &amp; Socioeconomics Of Aging Journal Editors</b>									
<b>4:15-5:45 p.m.</b>	PER: Does The Current Evidence Base Support Lecanemab Continued Dosing For Early Alzheimer's Disease? 	FRS: Navigating The Tau Pathway: Insights Into Aging, Dementia And Alzheimer's Disease Using Tau PET 	FRS: Imaging Signatures Of LATE  	DEV: Developing Topics Session 3	ECBS: Spatial Biology In Neurodegenerative Proteinopathies: Uncovering Resilience Vs Vulnerability 	FRS: Examining Dementia Lived Experiences And Trajectories Via Structural And Social Perspectives   	FRS: Neurobiology Of Behaviour Across The Cognitive Continuum  	PER: SORL1-Retromer Regulated Endosomal Recycling In Alzheimer's Disease: A Roadmap From Diagnostics To Therapeutics	FRS: Effective Strategies To Improve Care Among Care Partners Of PLWD   

# WEDNESDAY, JULY 31

Hall A	Ballroom A	115 ABC	118 ABC	201 ABC	204 ABC	120 ABC	121 ABC	Nutter Theater	
<b>8-8:45 a.m.</b>		FRS: Tau Accumulation And Tau Spreading Patterns II  	FRS: Unraveling Neurodegenerative Pathways Across Alzheimer's And Related Disorders II  	DEV: Developing Topics Session 4	FRS: Clinical Trial Case Detection And Outcomes II  	FRS: Epidemiology – Psychological And Social Aspects II	LPR: Exploring The Intersection Of Sex, Race And Genetic Factors In Neurodegenerative Pathologies	LPR: Developing Incident Dementia: Key Predictors Of A New Disease	
<b>8:30 a.m.-4:15 p.m. Hall BC Exhibit Hall Open</b>									
<b>9-10:30 a.m.</b>		FRS: Glial Biomarkers And Alzheimer's Disease Therapeutics  	FRS: Understanding Blood-Brain Barrier And Neurovascular Alterations In VCID And CAA: Cellular, Molecular Mechanisms And Therapeutic Targets  	PER: ARIA — Bench To Bedside And Back: Translating Cellular Mechanisms Into Understanding Clinical Manifestations  	DEV: Alzheimer's Disease And Related Dementias (ADRD) Clinical Trials Early Career Investigator Oral Abstracts Session	PER: New Directions In Exercise For Prevention Of Alzheimer's Disease And Dementia: A Focus On Blood-Based Biomarkers  	FRS: Understanding The Relationship Between Sleep, Cognitive Decline And Dementia  	DEV: Global Alzheimer's Leadership Series (GoALS): Provider And Patient Perspectives On Treatment And Diagnosis, A Global Discussion	FRS: Reconstructing Person-Centeredness: Revisiting The Concept, Implementation And Measurement
<b>10:30-11 a.m. Hall BC Beverage Break With Exhibits And Poster Presentations</b>									
<b>11 a.m.-12:15 p.m. Hall A PL: Tara Spire-Jones: Synaptic Oligomeric Tau In Alzheimer's Disease — A Potential Culprit In The Spread Of Tau Pathology Through The Brain</b> Ricardo F. Allegri: Dementia Research In Low- And Middle-Income Countries: Initiatives That Seize Opportunities, Overcome Challenges And Build Capacity  									
<b>12:15-2 p.m. Hall BC Boxed Lunch, Exhibits, Poster Presentations And Product Theater</b> <b>Ballroom B ISTAART Intermissions</b> <b>12:30-1:45 p.m. 123-125 IS: ISTAART Skills Workshops</b>									
<b>2-3:30 p.m.</b>	DEV: Results From The SPRINT MIND Extended Follow-Up: Long-Term Effects Of Intensive Vs. Standard Blood Pressure Control On Probable Dementia	FRS: Understanding Microglia – Connecting Genetic States To Functions	FRS: Mapping Neurobiological Progression Through Imaging Subtypes  	DEV: Case-Based Learning: Amyloid Related Imaging Abnormalities (ARIA) In Patients Being Evaluated For Or Treated With Amyloid Targeting Therapies  	FRS: Advancing The Next Generation Of Animal Models For Precision Medicine Research On Alzheimer's Disease	FRS: The Impact Of Adverse And Traumatic Social Conditions On The Risk For AD And Related Dementias Among Sexual And Gender Minority Communities  	FRS: Sex Differences In Neurodegeneration And AD Pathology  	FRS: The Role Of Proteomics In Alzheimer's Disease	FRS: From Prioritization To Care Provision: Current Directions In Disease-Modifying Treatments  
<b>3:30-4:15 p.m. Hall BC Beverage Break With Exhibits, Guided Electronic Poster Tour And Poster Presentations</b>									
<b>3:40-4:10 p.m. Hall BC PL: ASK! Q&amp;A Session with Ricardo F. Allegri and Tara Spire-Jones</b> <b>103 B PL: ASK! Q&amp;A Session with Reisa Sperling and Michael Weiner</b>									
<b>4:15-5:45 p.m.</b>	FRS: Lancet Standing Commission On Dementia Prevention, Intervention And Care: Scientific Advances In The 2024 Commission   	ECBS: Panel Discussion 	PER: Lewy Body Dementias: Challenges And Opportunities In The Era Of Biomarkers  	PER: Translating AD Biomarkers Into Clinical Practice In An Era Of Precision Medicine  	FRS: Clinical Trial Results And Design Considerations  	PER: Systemic Factors In Aging And Cognition	FRS: Women's Health  	FRS: Altered Network Functional Connectivity, Imbalance Of Excitatory And Inhibitory Influences, And Underlying Changes Of Synaptic Density And Endolysosomal System In The Frontotemporal Dementia Spectrum  	FRS: Care Access And Costs Across Settings Among PLWD  

**SESSION LISTINGS**

-  Clinical Pearls
-  Continuing Medical Education

-  Dementia Care Research And Practice
-  DEV Developing Topics Session
-  Emerging Concepts In Basic Science

- FRS Featured Research Session
- IS ISTAART Skills Workshop
- LPR Lightning Presentation Round

- PER Perspectives Session
  - PL Plenary Session
- Agenda current as of July 18, 2024.*

# THURSDAY, AUG. 1

Hall A	Ballroom A	115 ABC	118 ABC	201 ABC	204 ABC	120 ABC	121 ABC	Nutter Theater	
<b>9-9:45 a.m.</b>		AAIC For All: Community Track: AAIC 2024 In The Neighborhood 	AAIC For All: Clinicians And Health Care Providers Track: Alzheimer's Association Resources For Professionals 	LPR: Protein Degradation, Clearance And Autophagy In Neurodegenerative Disorders	FRS: Clinical Trial Analysis Strategies II  	LPR: Epidemiologic Understandings And Interventions Strategies Associated With Current Dementia Trends	LPR: Neuropsychiatric Symptoms And Mild Behavioral Impairment	LPR: Alternative Phenotypes And Genetic Variation To Decipher Genomics Of ADRD	LPR: Diverse Topics In Dementia Care 
<b>9:45-11:45 a.m.</b>	<b>Grand Hall And Various Foyers</b> Beverages Available								
<b>10-11:30 a.m.</b>		AAIC For All: Community Track: AAIC 2024 Highlights 	AAIC For All: Clinicians And Health Care Providers Track: AAIC 2024 Highlights 	FRS: Temporal Modeling And Evaluation Of The Utility Of Blood-Based Biomarkers In Alzheimer's Disease  	FRS: Multifaceted Insights Into Neurodegenerative Pathogenesis: Examining Molecular Mechanisms And Neuropathologic Patterns	FRS: Research Definitions From The Reserve And Resilience Collaboratory: Lifespan Perspectives, Neuroimaging Studies And Insights From Animal Models	FRS: Cognitive Manifestations In Preclinical AD  	FRS: Shared And Distinct Genomics Of ADRD And Other Complex Disorders	FRS: Global Effort To Improve Healthcare System Readiness For Early Detection Of Cognitive Impairment: A Davos Alzheimer's Collaborative System Preparedness Initiative 
<b>11:45 a.m.- 1 p.m.</b>	Hall A PL: Michael Weiner: ADNI: Two Decades Of Impact And The Path Forward  Reisa Sperling: Preclinical Alzheimer's Disease
