<< FREQUENTLY ASKED QUESTIONS >>

What do I need to prepare for my submission?

[Click here](#) to view a detailed list.

What are the submission themes?

- Biomarkers — Neuroimaging
- Biomarkers — Non-Neuroimaging
- Clinical Manifestations
- Drug Development — Human
- Drug Development — Cell/In-vitro/Animal Model
- Risk and Environmental Factors
- Genetics
- Molecular and Cell Biology
- Neuropathology
- And More.

Do I need to register?

Yes, all presenters and attendees **must** register for the conference. The registration link is available on the [conference website](#).

What is the age requirement for presenting authors?

Presenting authors must be 18 years of age at the time of the conference.

Will my abstract be considered for a podium or oral presentation?

During submission, you will be asked to indicate your presentation preference: Poster Presentation Only, or Oral Presentation Preferred. Kindly note that presentations not selected for an oral presentation will automatically be considered for a poster presentation.

What are the poster requirements?

The poster dimensions for in-person presenters will be 45 x 45 inches (114.3 cm) maximum. Do not print larger than these dimensions. Further poster instructions and virtual upload details will be provided to presenters in October. Virtual poster presenters are required, and in-person poster presenters are encouraged, to upload a digital poster to the virtual platform.

Am I allowed to submit abstracts that have been previously presented?

Yes. If the abstract provides updates on designs, data or analyses that have been published or presented prior to the conference, please select the Update category. If the abstract will be published verbatim prior to the conference, please select the Encore category.

How do I make edits to an abstract in "submitted" status?

You may make edits to your submitted proposal through the submission deadline. It is your responsibility to confirm that your abstract is correctly submitted and is received by the submission deadline.

When will I be notified if my abstract has been accepted?

Notifications of acceptance/denial of abstract submissions will be sent by the end of October.

Does the Alzheimer's Association own accepted abstracts?

Accepted abstracts become the property of the Alzheimer's Association. Ownership of submitted abstracts not accepted for presentation reverts to the author.

If my abstract is accepted, will it be used by the Association for sales or marketing purposes?

The Alzheimer's Association reserves the right to provide abstracts to conference registrants and the public via online modalities, a mobile application, and any other modalities they wish. In those formats, the abstracts become the property of the Association, along with the PowerPoint slides or handout material.

Abstracts for AAIC Advancements: APOE and Lipid Biology are not published in the Alzheimer's & Dementia journal.

If I need to retract my abstract submission, what is the deadline?

You can retract your abstract submission at any time. Depending on our publication deadlines, we may be unable to remove your abstract from print materials. To retract an accepted abstract, you must email abstracts@alz.org and confirm a response.

If my abstract is accepted, how do I make an author change or withdraw my abstract?

If the identified presenting author becomes unable to present, a co-author may present. Notification of the change must be submitted in writing to abstracts@alz.org by the deadline stated in the acceptance notification email. If none of the authors on the abstracts can present, a request must be submitted in writing to abstracts@alz.org to withdraw the abstract. Depending on deadlines, we may be unable to remove your abstracts from print materials.
