Alzheimer's Association Desert Southwest Chapter Announces Kate Ingalsby as Southern Nevada Regional Director

LAS VEGAS, October 15, 2018 — The Alzheimer's Association Desert Southwest Chapter welcomes Kate Ingalsby as Regional Director of Southern Nevada. Kate will oversee the Association's care and support services across southern Nevada, as well as implement strategies to expand programs and build community engagement.

"I am excited to be part of an organization with such a strong mission that supports such an important cause," says Kate Ingalsby. "I look forward to strengthening past and present relationships with community partners as well as creating new ones."

Ingalsby comes to the Alzheimer's Association with nearly a decade of health care experience. Ingalsby most recently worked with the State of Nevada Aging and Disability Services, helping to develop state specific dementia programs. "In line with my past experience in health care management and social services, I am most excited to build strategies to achieve Chapter strategic goals, strengthen our presence in the community, expand and enhance programs and services, and engage the community to build advocates that support such an important cause," says Ingalsby.

Ingalsby also serves as a health educator, working with Dignity Health to develop, implement, facilitate and present program quality improvement and sustainability plans. Effective health care outreach and education are essential for helping people with Alzheimer's disease achieve their best quality of life.

About the Alzheimer's Association®

The Alzheimer's Association is the leading voluntary health organization in Alzheimer's care, support and research. Our mission is to eliminate Alzheimer's disease through the advancement of research, to provide and enhance care and support for all affected, and to reduce the risk of dementia through the promotion of brain health. Our vision is a world without Alzheimer's. For more information, visit the Alzheimer's Association at alz.org or call the 24/7 helpline at 800-272-3900.
