

The Longest Day Volunteers

Assisted Living Community Gives Back

Age Well Centre for Life Enrichment, Green Bay, Wisconsin

This is the first year the Age Well Well Centre is participating in The Longest Day fundraiser. It's a good cause," says MaryJo Tisdale, Lifestyle Specialist at the assisted living facility. "We all know someone impacted by dementia and our fundraiser is showing support for them and the community in which we live."

The Age Well Centre is having a "Cookies for a Cause" sale on June 20th. Staff are baking the cookies and residents are helping with packaging and running the sale. You can purchase cookies or make a goodwill donation.

The team is taking all precautions to make this a safe fundraiser for residents and shoppers. The sale will be held outside and buyers will have the opportunity to do walk up or curb-side grab and go.

To support Age Well Centre, donate here: <https://bit.ly/2AodWQs>

The Longest Day is an annual event held on the summer solstice – the day with the most light. On June 20 (and leading up to it), people from across the world will fight the darkness of Alzheimer's through a fundraising activity of their choice.
