

The Longest Day Volunteers

Small Business Gives Back

The Practice Facility, New Berlin, Wisconsin

For one small business, giving back to the community in which they operate, is a part of who they are. This is the first year The Practice Facility is participating in The Longest Day. John Bauer, owner of the golf improvement facility, has been personally impacted by Alzheimer's disease. His mother-in-law is living with the disease and he wants his business to support the mission of the Alzheimer's Association.

The business is hosting a fundraising day on June 20th hoping to raise money to help support those who have been impacted by Alzheimer's or other dementias. They will be providing different family-friendly golf activities such as: golf contests, a golf scavenger hunt, club fittings, ball fittings, virtual golf games, and food and drink. Registration is not required and guests are encouraged to stop in.

To support The Practice Station, visit their location on June 20th (www.thepracticestation.com) or donate to their cause: https://act.alz.org/site/TR/LongestDay2020/TheLongestDay?px=17615162&pg=personal&fr_id=13035

The Longest Day is the day with the most light — the summer solstice. On June 20 (and leading up to it), people from across the world will fight the darkness of Alzheimer's through a fundraising activity of their choice.
