SIX OUT OF 10 PEOPLE WITH ALZHEIMER’S WILL WANDER

BE PREPARED WITH OUR 24-HOUR EMERGENCY RESPONSE SERVICE.
PREPARE FOR THE EXPECTED

It’s common for a person with Alzheimer’s to wander and become lost, even in the early stage of the disease. In fact, six out of 10 people with dementia will wander; many do so repeatedly. Wandering can be dangerous — even life-threatening — and the stress can weigh heavily on caregivers and family.

The Alzheimer’s Association® and MedicAlert Foundation International have formed an alliance to help ensure the safety of individuals with Alzheimer’s or other dementias. MedicAlert® + Alzheimer’s Association Safe Return® is a 24-hour nationwide emergency response service for individuals with dementia who wander or have a medical emergency. We provide 24-hour assistance, no matter when or where the person is reported missing.

Identifying the member’s medical condition on the jewelry helps inform response personnel who can then provide appropriate treatment in an emergency situation.

Please note: Once your jewelry has been engraved and shipped, there will be an additional charge for any changes requested. Jewelry engraving is personalized to individual members and cannot be transferred to another individual, altered, sold or returned.
